

Iowa State Association of Letter Carriers

President's Report

January 2016

Greetings Sisters & Brothers,

The new year is here – and we have some work to do.

Safely and accurately delivering the mail every day and providing our customers with good service will keep the postal service relevant in a world of instant communication. Safely – so we can do it day after day. Accurately - so our customers can depend on us.

Sending our stewards and branch officers to the Region 5 Rap Session, Iowa Spring Training and National Convention will provide them with the training needed to enforce the contract. Our members will enjoy a better quality of work-life.

Putting on the Food Drive and MDA fundraisers will aid those in need. It also strengthens our ties to our communities.

Participating in the political process will help ensure our existence in the future. How can you be a part of the political process?

Stay informed on issues that will affect your job – sign up to be an e-activist and check our website at www.nalc.org.

Attend your caucus. Be a part of picking your next president. Never been to one and don't know how? There will be people there to offer guidance. Take a friend with you.

Contribute to The Letter Carrier Political Fund. Sign up at:
<https://www.nalc.org/government-affairs/political-activity>.

When you send some money to our political fund you enable our union representatives to work for you in the political arena – so you don't have to.

Last call for scholarship applications – Feb. 12 postmark deadline.

Jim Beach
President
Iowa State Association of Letter Carriers, AFL-CIO
